## THE STATE OF NEW HAMPSHIRE.

---

To the inhabitants of the town of Farmington qualified to vote in town affairs: You are hereby notified to meet at the town hall in said town on the fourteenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To see what sum of money the town will vote to raise to defray town expenses for the ensuing year, and to make appropriation for the same.

Article 2. To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways, under the law passed at the January session, 1905.

Article 3. To see what sum of money the the town will vote to raise upon a poll and other estates in proportion for the repair of highways for the ensuing year.

Article 4. To see what sum of money the town will vote to raise to pay the interest on the debt of said town, and to make appropriation for the same.

Article 5. To see what sum of money the town will vote to raise to apply to the sinking fund and how the same shall be invested.

Article 6. To see what sum of money the town will vote to appropriate in aid of the Public Library.

Article 7. To see if the town will appropriate the sum of One Hundred dollars to Carlton Post, G A R, to be used for Memorial purposes on May 30, 1905.

Article 8. To see what sum of money the town will vote to authorize the selectmen to hire for the purpose of paying the debt of the town for the year ensuing.

Article 9. To see if the town will vote to put on a night watch, if the selectmen deem it necessary.

Article 10. To see if the town will appropriate a sum of money for the purpose of building concrete sidewalks.

Article 11. (By petition.) To see if the town will vote to appropriate a sum of money not less than fifty dollars for the care and improvement of Edgerly Memorial Park for the ensuing year, and that said appropriation be entrusted to the Friday Afternoon club, to be expended for said purpose.

Article 12. (By petition.) To see if the town will vote to add to the improvement of the Henry Wilson Monumental Grounds, and raise for this purpose such sum of money as may be necessary.

Article 13. (By petition.) To see if the town will vote to fix the license fee for class two, class three and class four, as provided they may do under the provision of Section 32: An act to regulate the traffic in intoxicating liquors, passed at the General Court in January, 1903.

Article 14. To see if the town will vote to raise a sum of money for the purpose of paying the balance due Harry S. Parker's tax list of 1892 and 1893.

Article 15. To see if the town will vote to authorize the selectmen to distribute the blank inventories at the time they examine and appraise the property to be taxed.

Article 16. To choose three selectmen, a town clerk, a town treasurer, and other officers and agents for the year ensuing.

Given under our hands and seal this twenty-seventh day of February, 1905.

FRANK J. SMITH,	}	Selectmen of Farmington.
CHARLES T. FALL,		
JOHN I. GRAY,		

## SELECTMEN'S REPORT.

---

TO THE CITIZENS OF FARMINGTON:—

In submitting to you our report for the year ending February 15, 1905, we call your attention to a few points of interest, and offer a few suggestions for the ensuing year.

### HIGHWAYS.

One of the largest items of expenditures in the past year is that relating to repairs and breaking of the highways, the amount referred to being \$5,643.26, which exceeds the appropriation of \$4,551.65 by \$1,091.61. This includes the permanent improvement of highway on Central street at a cost of \$1,454.04 and we feel confident that this piece of street will be, and is, greatly appreciated, especially by our truckmen, and as it contains about 12 per cent asphalt we believe it will last through all eternity. We also believe it is the cheapest road in the end, and we are not alone in this belief. The town of Newmarket has put in \$4000 worth in the past two years; also the little town of Ashland. The city of Laconia, \$10,000 worth. This belief in permanent improvement on our highways has been so ably discussed that a law has just been passed, perhaps not wholly to our liking, that obliges every city and town to set apart a certain amount for permanent improvement on the highways in their vicinity, so that the cities and towns that have been backward in putting in a piece of permanent roadway will be obliged to do so under the present law. So, in putting in this piece of permanent highway we are simply one year in advance of the new law. Perhaps it would be well at this

time to explain some of the principal features of this new law passed at the January session of 1905, relating to permanent improvement of main highways throughout the state. Section 3 of this act provides that each town shall, out of the amount of money annually raised and appropriated for repairs of its highways, set apart the following amount to be used for the permanent improvement of its main highways: Towns having a valuation of less than \$2,000,000, \$1.00 on each \$1,000 of their valuation. For example, we will take our last year's valuation, \$11,379.08. Setting apart \$1.00 on each \$1,000 would give you \$1,138.00. This amount the law requires you to set apart for permanent improvement of a highway, and the above amount to be laid out under the supervision of the selectmen. Now, if you desire to gain state aid you will be obliged to set apart an additional sum equal to fifty per cent of the amount required to be set apart for permanent improvement under Section 3 of the act. Thus 50 per cent of \$1,138.00 is \$569.00. Adding these together gives you \$1,707.00, the amount you would be obliged to set apart in order to gain state aid. Having qualified for state aid you will receive from the state 25 cents for each \$1.00 set apart, giving you \$427.00 state aid, making in all for permanent improvement fund \$2,133.00. Having received \$427 as state aid the Governor and Council, or their agent, with the selectmen, determine the portion of the highway within the town upon which the joint fund shall be expended, provided, however, that no part of said joint fund shall be expended on any highway within the compact portion of any city or village, except in towns of less than 2500 population. Now, the question arises, will you set apart \$1,138.00, the amount required, or go further, and set apart \$1,707.00 and receive from the state \$427.00. This is quite a business proposition so far as the state is concerned, as your apportionment of \$125,000, amount to be raised yearly for the next six years, is \$658.75. This amount you will have to pay the

state every year for the next six years and you receive from the state \$427.00, if you meet requirements. You have lost in the deal \$231.75. It seems to us, under the present highway law, if you want to continue your concrete sidewalks, as we believe it to be good policy, (and we all want to see the concrete sidewalk extended to the depot) you will have to be quite liberal in your appropriation for highways. We would recommend at least 45 cents on a poll, and other property in proportion. This would leave you after setting apart \$1.00 on every \$1.000 and \$500 for concrete sidewalks, about 30 cents on a poll, and other property in proportion, for general repairs on 60 miles of road.

#### ABATEMENTS.

You will see by the report that we have made a change in the system heretofore practised in giving the abatements in a lump sum. We have given you an itemized abatement list giving the name of the party receiving the abatement, the amount, and also conditions for giving the same. We have been questioned quite extensively in reference to abatements, parties stating that some could get abatements on their tax when others could not under the same circumstances. So as to set doubts aside we have given you an itemized list and the cause for the abatements and leave it with you whether or not we were justified in giving them. We believe it is the duty of any board of selectmen to present to the people their doings so that every tax payer can see what is being done by the selectmen, or their agents, with the appropriations they have given and been assessed for, in a manner which will meet with your approval. You will notice the amount of abatements upon 1903 list is \$190.33, this amount being the smallest abatement list ever given in this town for one year's assessment of tax, and much of this is given, according to law, for maintaining watering tubs, etc. This certainly demonstrates that you have one of the best of tax collectors.

## ACCOMPLISHMENTS.

In presenting to you what has been accomplished in the past four years, we do so with no personal motive, but to simply give you the facts as they stand, and as we have the accounts before us we can do so much easier than you can look them up. We know you are interested in the welfare of the town, but at the same time the majority would not bother to look up and see what has been accomplished. Now, in looking back in the report of 1901, you will see that the net debt of the town, including balance due precinct, School District No. 9, less deficit, Town School District, was \$49,305.71. You have raised for sinking fund \$2000 a year for the past four years, making \$8,000. You have received from the state liquor license the amount of \$1,644.14, making in all \$9,644.14. Deduct this amount from \$49,305.71, will give you the net debt of the town, \$39,661.57.

The above figures, \$9,644.14, are really what has been received, but we have saved from different appropriations, and other sources, the amount of \$5,498.94, making the net debt of the town, Feb. 15, 1905, \$34,162.63. The net debt of the town, Feb. 15, 1901, as given above was \$49,305.71. Net debt Feb. 15, 1905, is \$34,162.63, deducted from the net debt Feb. 15, 1901, gives you a decrease in debt of the town in the past four years of \$15,143.08.

In the report of Feb 15, 1901, you will see under the head of liabilities, notes and interest to the amount of \$9,451.90. Report of Feb 15, 1905 you will find the amount in the liabilities of notes and interest \$7,100.00, or in other words giving the amount of notes and interest paid \$2,451.90. This amount has been paid from the savings from appropriations and other sources as you haven't appropriated any money to pay notes, and still you will see by the treasurer's report we have a balance on the right side of the ledger, and furthermore you have a permanent improvement on highway,

Central street, costing \$1,454.04; also a new Walker boiler and piping complete at a cost of \$255.00 for the purpose of heating the public library and selectmen's room, which we assure you is greatly appreciated.

TREASURER'S REPORT.

You will see by the treasurer's report that the town's finances are in a quite satisfactory condition. The decrease in the net debt in the past year is \$3,615.98, after making the improvements as stated above.

ASSETS.

We wish to call your attention to the assets of the town, especially amounts due on Harry S. Parker's tax lists of 1892 and 1893. You will, notice an article in the town warrant to be acted upon at the coming town meeting, to see what the town will do relative to amounts due on these lists as stated above. Now these lists are of 11 and 12 years standing, and at this time perhaps cannot be collected, and if not collectable are not worth one cent, and ought to be wiped from the town's assets. It is certainly laughable to carry such assets of the town as the balance due on these lists, and we know of no board of selectmen that would have the courage to abate them with no money raised to do so. With these few remarks we close our report for 1905. Thanking you for past favors in many ways, we remain

Very respectfully yours,

FRANK J. SMITH,	) } }	Selectmen
CHARLES T. FALL,		of
JOHN I. GRAY,		Farmington.

# REPORT.
